

Zero Net Policy 2025

Purpose:

This policy outlines Mountain Security Services' commitment to achieving net zero greenhouse gas emissions and promoting sustainable practices in all aspects of our security subcontracting operations.

Scope:

This policy applies to all employees, contractors, and operations under Mountain Security Services Ltd, including our offices, vehicles, equipment, and procurement processes.

Policy Statement:

Mountain Security Services Ltd, recognises the urgent need to address climate change and is committed to reducing our carbon footprint by achieving net zero greenhouse gas emissions by 2035.

Our Commitments:

1. **Reduce Energy Use:**
 - b. Implement energy-efficient practices in all offices and operational sites.
 - c. Transition to energy-saving equipment and lighting.
4. **Sustainable Transport:**
 - e. Optimize vehicle use to reduce fuel consumption.
 - f. Encourage use of electric or low-emission vehicles where feasible.
7. **Waste Management:**
 - h. Promote recycling and minimize waste generation at all sites.
9. **Sustainable Procurement:**
 - j. Source goods and services from suppliers with strong environmental credentials.
 - k. Prioritize eco-friendly products and materials.
12. **Carbon Offsetting:**
 - m. Invest in verified carbon offset projects to balance unavoidable emissions.
14. **Employee Engagement and Training:**
 - o. Raise awareness and provide training on sustainability practices to all staff.
16. **Monitoring and Reporting:**
 - q. Regularly measure and report on greenhouse gas emissions and progress towards our net zero target.

Review:

This policy will be reviewed annually to ensure its relevance and effectiveness, adjusting targets and actions as necessary to meet evolving best practices.
